Parent Testimonials

"Our family has loved this Kindy so much that each of our three children have attended their Kindy year there over the last six years. The two outstanding reasons we kept returning to this Kindy was: 1. the teachers and 2. the environment. The teachers maintain their knowledge of best practice at a high level and have a passion for how important learning through play is for this age group of children. The teachers are sensitive to each child's emotional needs, and encourage them to build confidence in themselves. There is a great routine set for each day, so the children are confident to know what is happening next in their day. The environment is unique. Large shady trees, little private gardens to enhance imaginative play, SWINGS, covered sandpit and plenty of tools and toys to play and explore with. There is a vegetable garden that hosts seasonal crops. The play-gym and ball swing creates much excitement. The children enjoy using water in their play, in the sandpit, garden or coloured water troughs. I think that the teachers allow the children to be children and enjoy the outdoors. I could keep writing for another page with all the positive happenings at the Kindy. The Sarina & District Kindy has provided the most wonderful start to our children's education, and I would highly recommend it to anyone." Julie Neil 2013

"When making the decision to send our son Jack to Kindergarten, it was important for us to find a Kindergarten that would provide a positive, supportive and encouraging environment. We really wanted to find a provider that would deliver a great start to his learning years by encouraging him to be more comfortable in himself and more capable in his abilities. For a young boy we felt it was important to see him start his schooling in a positive way. The Sarina & District Community Kindergarten was recommended to me by several past parents and other childcare providers. I am so glad we made the decision to send Jack to this Kindergarten...he has not looked back since he started!! He thrives on the support and encouragement of his kindy teachers Ms Dale, Ms Maree and Ms Kathy - they have been such positive, consistent and supportive educators and have made our whole family feel welcome. They've nurtured Jack's abilities and skills throughout the year and we are so pleased with his level of progress; it goes beyond what we expected! The natural playground setting and broad range of resources is much loved by Jack. Each day after drop off I drive away with confidence as I watch him with his kindy friends and teachers; playing, exploring, socialising and having fun! He just loves his kindy and would be there 5 days a week if he could!" Danielle Law 2013

"Sarina and District Community Kindergarten is a first class Kindy. The teachers are very experienced, motivated and caring educators. The Kindy building and playground are exceptionally well resourced and set out. My child loves his Kindy so much that he would go 5 days a week if he could. I would recommend the Lee St Kindy to any parent who is looking at sending their child to Kindy." Kathy Grimmond 2013

"Sarina & District Community Kindergarten came highly recommended to me by a past parent when I was new to the district - so I put my child's name on the list to start kindy for in 2013. This year my little girl has really enjoyed her kindy year and misses it when its holiday time. Watching her develop throughout the year has been amazing. Due to the set days she has been able to make some really beautiful friendships with the other children. Having the same familiar faces of the teaching staff every day made it easy for her to settle in from the very first day (and helped me not worry about her too) How the teaching staff engage with each individual child is amazing - all three teachers are so very, very dedicated and passionate about early childhood learning - Well Done Miss Dale, Mrs Maree & Mrs Kathy. We as a family have felt welcomed and involved during the year with the various special celebrations hosted by the Kindy E.g. Mothers, Fathers and Grandparents Day. I feel that the kindy is very well resourced and has a very homely feel about it - just like a home away from home. Outside play in the natural setting and shaded playground is a favourite for my child. I would highly recommend Sarina & District Community Kindergarten to any parent looking to give their child a great Kindy experience." Sonya Shelley 2013

"We sent our daughter to Sarina & District Community Kindergarten so that she could learn skills to prepare her for school and life - and it has far exceeded our expectations! She has made so many friends and the teachers have done a wonderful job of developing her social skills. My daughter has learnt so much about reading and numbers this year, but we are so pleased with how confident and excited she is about learning! We are 100% happy with Sarina Kindy!" Carolyn Argent 2013
